Dear Sir/Madam,

Since 1st April 2002, window and door installations have been subject to Local Authority Building Control and therefore any new installations need to be recorded either by direct application to your Local Authority or through a FENSA (Fenestration Self-Assessment) Registered organisation, as is the case with your own installation.

This certificate is evidence of your installer's certification that the windows and/or doors you have purchased meet the Building Regulations, which were in force at the date the installation was conducted, and that the installation has been notified to your Local authority.

Please keep it in a safe place. You are also advised to keep copies of all documentation (including plans, if any) relating to the installation work. Please note that whilst installers are expected to satisfy certain criteria in order to join the FENSA scheme and expect companies to install products to meet the Building Regulations. FENSA Limited disclaims all liability in the event of non-compliance of an installation.

Please check that the installer name, which is on the certificate, matches the contractor who undertook the installation. If this is not the case return the tear off slip at the bottom of the certificate.

A requirement of the FENSA scheme is that you should have been given a product guarantee*, please let us know if this is not the case. You should also have been offered the opportunity to purchase an insurance policy to cover the guarantee either via a leaflet or by letter from an insurance company (please wait 4-6 weeks for the letter) **

FENSA

Please detach, put in envelope and return to: **FENSA Limited, 54 Ayres Street, London, SE1 1EU**

FENSA is solely a registration service for companies to self certify that the windows/doors they install comply with sections 4 & 7 of the Building Regulations that came into force in April 2002 and that the following Building Regulations are not compromised by the replacement, A (Structure) B (Escape in case of fire) F (Ventilation), M (Access for the Disabled) J (Gas Regulation) and K (Guarding). This is as far as our remit goes it does not cover any other aspect of the installation.

*The company guarantee may be included in the wording of the contract or invoice, please check all documentation.

** If an insurance policy is being provided by the installer to cover his guarantee, this will be sent directly by an insurance company. - Please wait 4-6 weeks for delivery.
